

# PEDRO JOFRE

TRAINEE BACKEND DEVELOPER

Argentina, Chubut | [pedrojofre707@gmail.com](mailto:pedrojofre707@gmail.com) | +542974396227

## PROFILE

In case of problem, I try to understand the origin or reason in order to act accordingly and effectively. This critical thinking marked me as a person and profesional.

People consider me formal, optimist and very emphatic person, with a good eye for details and a one who always finds a way to improve himself and mantain his ideals. I take challenges with confidence and responsibility while I learn with the opportunity and enjoy the process.

## PROFESSIONAL SKILL

Efficient  
Self-Taught  
Critical Mind  
Communicative  
Teamworker  
Empathic

## TECHNICAL SKILL

Js / Typescript  
SQL / NoSQL DBs

## EDUCATION

### Analyst Programmer

San Juan Bosco University

- Design, Setup, Test, Security and Maintenance.
- Planify every step of the development.

### English Teacher

Perito Moreno 807

- Phonetics, English Culture, Pedagogy, Psychology.
- I had to fully understand human requeriments and plan strategies to do so in short time.

### Electromechanical Engineer

Yapeyú 707, Secondary School

- I was teached with hands-on mentality and each subject has a personal or team project to build.
- House illumination, Furnitures, Blueprints, etc.

### English C1-Advanced

Shamrock Institute, Chubut

- Focus on communication and culture.
- I gained high average marks and honored with international exams from Cambridge and EF.

## EXPERIENCE AND PROJECTS

### Vet Cares: Veterinary Patient Manager

Software as a Service (SaaS), REST API

- Database, API creation, and Deployment
- Login, Register and Emails and Authentication.

### City Park Project (Don Otto Blumberg Plaza)

Plannification and Field Research

- I had the responsibility to design the full plaza including illumination, benches, automated irrigation, sports fields and afforestation.
- Since I only was the designer, I had to exchange information and decide alternatives or solutions with my coworkers.

### Backend Web Developer

Self-taugh

- Tons of Personal Projects: APIs, SPAs, SaaS, Entretainment websites, Ads websites, Bots and Database models.
