TRAINEE BACKEND DEVELOPER

Argentina, Chubut | pedrojofre707@gmail.com | +542974396227

PROFILE SUMMARY

When I have a problem, I use every resource to understand it from the source. This critical thinking made me the person I am. Through all my life, my determination to achieve something with my 100% was my way to become a better person and professional. I totally focus on what is worth the effort so I take challenges with confidence, learn with the opportunities and enjoy the process.

EDUCATION

Analyst Programmer

San Juan Bosco University

- Design, Setup, Test, Security and Maintenance.
- Planify every step of the development.

English Teacher

Perito Moreno 807

- Phonetics, English Culture, Pedagogy, Psychology.
- I had to fully understand human requeriments and plan strategies to do so in short time.

Electromechanical Engineer

Yapeyú 707, Secondary School

- I was teached with hands-on mentality and each subject has a personal or team project to build.
- House illumination, Furnitures, Blueprints, etc.

English C1-Advanced

Shamrock Institute, Chubut

- Focus on communication and culture.
- I gained high average marks and honored with international exams from Cambridge and EF.

EXPERIENCE AND PROJECTS

Vet Cares: Veterinary Patient Manager

Software as a Service (SaaS), REST API

- Database, API creation, and Deployment
- Login, Register and Emails and Authentication.

Backend Web Developer

Self-taugh

- Tons of Personal Projects: APIs, SPAs, SaaS, Entretainment pages and Database models.

City Park Project (Don Otto Blumberg Plaza)

Plannification and Field Research

- I had the responsability to design the full plaza including illumination, benches, automated irrigation, sports fields and afforestation.
- Since I only was the designer, I had to exchange information and decide alternatives or solutions with my coworkers.
